ATASCOSA COUNTY PHOTOGRAPHY CONTEST

The Atascosa County 4-H Photography Contest will take place February 2023. Photos will be due to ashlie.stayton@ag.tamu.edu by 5 PM on Friday, February 3, 2023. This contest is open to all Atascosa County 4-H Members registered on 4H Online. Grades 3rd - 12th can enter one photo per category. **Clover Members (grades K - 2nd) can enter 1 photo from any of the categories.** For a full set of rules please visit: https://texas4-h.tamu.edu/wp-content/uploads/photography_state_rules_2022_2023.pdf.

You can start to take photos now for the February contest. Cameras can be a point and click, phone, manual or automatic camera. Photos are submitted digitally for the contest. Please see below for a full list of categories.

TEXAS 4-H PHOTOGRAPHY CONTEST 2022-2023 CATEGORIES

It is extremely important that 4-H members, project leaders, parents, and County Extension Agents review the descriptions of each category very carefully. Do not enter photographs into categories that are duplicates from other categories or ones that do not clearly meet the category description. Photographs that do not meet the description of the category will be disqualified.

ANIMALS - DOMESTIC

Photos focusing on the various animals that have been tamed and made fit for a human environment. To be considered domesticated, the animal must have their behavior, life cycle, or physiology systemically altered as a result of being under human control for many generations.

Examples: Chickens, cows, dogs, cats, hamsters, horses, pigs, sheep, goats, etc. All waterfowl (ducks and geese) should be entered in Animals - Wildlife.

ANIMALS - WILDLIFE

Category focuses on animals not typically tamed or domesticated and commonly found in the wilderness or bodies of water throughout the country and world. Photos can be of wildlife in nature, zoos, and/or petting zoos.

Examples: Birds, deer, elephants, snakes, whales, etc.

CATCH-ALL

Photos that do not fit into one of the other categories.

Not allowed: A duplicate photo also entered in another category.

DETAILS & MACRO

Getting in close is the name of the game for this category. The goal is to zoom in close on an object to see its finer details or to make small objects appear life-sized or larger than we do not normally get to see with the naked eye.

Examples: Insect eyes, veins on a leaf, a reflection in a water droplet, etc.

ELEMENTS OF DESIGN

Images use of graphic elements of design. Photos that showcase line, shape, pattern, form, texture, perspective, etc. Photo can consist of any subject matter.

Examples: Line, pattern, perspective, shape, etc.

Not allowed: Digital creations or graphic designs made in software such as Photoshop, InDesign or Illustrator.

ENHANCED

A single photo that has been technically manipulated to be an abstract, panoramic, stitched or composite image. Others variations are allowed as well.

Examples: Software edited composites and creations, images greatly manipulated with a variety of filters, photos with artistic borders, photos stitched into a panoramic, etc.

FOOD

A still life specialization of photography, aimed at producing attractive photographs of food for use in such items of advertisements, packaging, menus and/or cookbooks.

Examples: Cakes/pies, Easter eggs, fruits and place settings, ingredients, sandwiches, Thanksgiving dinner, etc.

Not allowed: A photo of alcohol beverages.

LANDSCAPE & NATURE (NON-ANIMAL)

The focus of this category includes landscapes, outdoor scenics, nature images, sunsets, urban landscapes, seascapes, cityscapes, and farms. Images focus on the beauty of the outdoors.

Examples: Gardens/landscapes, outdoors, scenics, etc.

Not allowed: Primary subject is a person or wildlife.

LEADING LINE

This image composition technique features lines that draw the viewer's eye from point A to point B, which is the primary subject.

Example: A river that begins in the foreground and draws your attention to a photogenic bridge in the background.

LONG EXPOSURE

Also known as time-exposure or slow-shutter, this technique involves using a long-duration shutter speed. It can be used to sharply capture stationary elements of an image while blurring, smearing, or obscuring the moving elements. It is also used in low-light conditions.

Examples: fireworks, moving water, light trails, Milky Way, light painting, night or low-light conditions, etc.

MOTION/ACTION

The capture of movement within a single photo. The subject appears stopped or "frozen".

Examples: Ferris wheel spinning, sporting events, horse running across a field, etc.

PEOPLE

Photos focus from all walks of life, parenting and family, children, babies, models/fashion, sports, and couples. All individuals in the photos must have provided consent and permission as a subject. If requested, a release will be needed from the photographer and subject.

Examples: Babies, families, kids, portraits, models/fashion, etc.

PLANT/FLORA

Photos of interesting, unique, and beautiful flowers and flora. Photography can occur outdoors or indoors. Photo subject should be that of a single flower, plant, bush, tree, etc. Large collections of plant/flora should be considered for entry into the Landscape & Nature category.

Examples: A rose, an upward shot of a tree, etc.

SHADOW/SILHOUETTE

A silhouette is an outline that appears dark (typically a single color) with little or no details/features against a brighter background. Recording patterns of light and shade for a desired effect or emphasis is the definition of a shadow. The silhouette or shadow must be the primary subject and focus of the image.

Examples: shadows/silhouettes of people, plants, animals, structures, architectures, or natural structures.

Not allowed: reflections

THEME (New)

The 2022-2023 theme is "Reflections". Reflection photography uses reflective surfaces to create an artistic "echo" of a scene. It includes photos that are creatively composed to capture an image from a reflective surface. The reflection should play a significant part of the image's composition.

Examples: reflections on polished metal, glass, mirror, and water.

If a member plans on showing at a Major Stock Show/s (San Antonio, San Angelo, Houston, Austin or other State Shows) they must have a Quality Counts number. If you are new to showing at the majors, have moved from 5th grade to 6th grade, moved from 8th to 9th grade or just entering the 3rd grade you need to get a new Quality Counts Number. Quality Counts Instructions are below.

**Let's Enjoy the
 Outdoors and
 Wildlife!
 Photography Contest**

Hosted by Atascosa
 Wildlife & Fisheries and
 Atascosa Wildlife Coop

Get Started Right Away...

Entry period is open now through
 April 14, 2023.

Adult & Youth Categories are

- Wildlife Portraits
- Landscapes/Scenic
- Motion
- Game Camera
- Mobile Phone

Photos must be captured in Texas. For a complete set of rules and official [entry form](#) visit atascosa.agrilife.org and look at upcoming events on the home page.

Who is Eligible?

This contest is open to all photographers who are at least 8 years of age and reside in Atascosa County. Entrants 8 to 17 years of age MUST obtain verified parental or guardian consent regardless of division entered. Entrants 18 years or older are prohibited from entering the youth division.

How to Enter?

Entries must be submitted as digital files and emailed along with [entry form](#) to atascosawildlifephoto@gmail.com.

Entry Fees: Youth \$10/photo or Adults \$20 per photo. Youth may compete in the adult division but cannot compete in both divisions.

Payment Methods: Payment and [entry form](#) may be submitted via check payable to Atascosa Wildlife & Fisheries, PO Box 379, Leming, Texas 78050. Cash is accepted in person at 25 E. 5th Street in Leming, Texas 78050. Payment may be submitted online through Eventbrite link to come soon. Please note Eventbrite charges an additional fee for their services. Please remember to email us your [entry form](#).

The Atascosa Wildlife & Fisheries and Atascosa Wildlife Coop are non-profit organizations created to connect adults and youth with nature, promote responsible stewards of wildlife, and encourage conservation efforts.
